RE: Recommendation Letter For Uthman Bello Maigari

I am pleased to provide this academic reference for Mr. Uthman Bello Maigari, a graduate of the Department of Computer Science, School of Mathematical, Physical and Computational Sciences, University of Reading. Uthman successfully completed his Bachelor's degree in Computer Science, graduating in July 2022.

During his time at the University, Uthman maintained good academic standing and met the requirements of his program. He demonstrated the qualities expected of a student pursuing higher education, including discipline, motivation, and the ability to work both independently and collaboratively.

Based on his academic achievements and successful completion of his studies, I believe Uthman is well-suited for further postgraduate education. I am confident that he will contribute positively to any academic environment he joins.

I recommend him for consideration for any postgraduate opportunities or academic scholarships he may pursue.

Should you require any further information, please do not hesitate to contact me.

Yours faithfully,

Dr Pat Parslow
School Deputy Director of Academic Tutoring
Computer Science
